

Resignation & Exit Policy

Document Ref: HR-POL-014 | Effective: February 2027

TechV-Flash strives to ensure a smooth, professional, and transparent offboarding process for employees transitioning out of the organization. This policy governs notice periods, clearance protocols, and final settlement timelines.

1. Notice Period Guidelines

1.1 Standard Notice Durations

The notice period ensures sufficient time for Knowledge Transfer (KT) and replacement hiring. The mandatory notice durations are:

Confirmed Full-Time Employees (L1 - L3):

- 60 Days

Confirmed Full-Time Employees (L4+):

- 90 Days

Employees on Probation:

- 15 Days (as per HR-POL-013)

1.2 Notice Period Buyout / Shortfall

Notice period buyout (where the employee pays the company in lieu of serving the full notice) is not a guaranteed right. It is entirely at the discretion of the Department Head and HR. If approved, the unserved notice period will be deducted from the Full & Final settlement based on the

employee's Basic Salary.

Leave During Notice Period: Employees are not permitted to utilize Paid Time Off (PTO) or Casual Leaves while serving their notice period. Any absence due to a medical emergency must be supported by a medical certificate and will extend the last working day by the corresponding number of days.

2. Separation Process & Clearance

2.1 Resignation Initiation

All resignations must be formally submitted via the HR Management Portal. Emailed resignations will not trigger the official clearance workflow until logged in the system.

2.2 Knowledge Transfer (KT) & Handover

The resigning employee must submit a comprehensive KT document and obtain sign-off from their Reporting Manager at least 7 days prior to their last working day (LWD).

2.3 IT & Asset Clearance

All company-issued assets (laptops, ID badges, corporate credit cards) must be handed over to the IT Department by 3:00 PM on the LWD. Failure to return assets will freeze the Full & Final settlement and may lead to legal recovery actions.

3. Full & Final (F&F) Settlement

The F&F settlement comprises pending salary, leave encashment, and any applicable deductions or clawbacks.

F&F Component	Policy Rule
Settlement Timeline	Processed within 45 calendar days from the Last Working Day, subject to complete clearance.
Leave Encashment	Only unused carried-over PTO (up to the max limit of 5 days) will be encashed. Sick leaves lapse completely.
Clawbacks	Joining bonuses (if resigning within 12 months, per HR-POL-004) and L&D training costs (per HR-POL-012) will be auto-deducted from the final payout.
Experience Letter	Issued digitally within 72 hours of the successful processing of the F&F settlement.

4. Exit Interview

An exit interview with the HR Business Partner is mandatory. This confidential discussion is designed to gather constructive feedback about the employee's experience at TechV-Flash and does not impact their F&F settlement.

5. Access Deactivation & Security Checklist

5.1 Identity Access Management (IAM) Deactivation

IT security automatically revokes corporate email, repository access, and Single Sign-On (SSO) credentials at 6:00 PM on the LWD. Active sessions on all devices are terminated simultaneously.

5.2 Access Card Revocation

Physical building access cards must be handed over to the security desk at exit. Unreturned cards are charged at 500 INR, which is recovered in the exit settlement.
